

CTL can be counted on to support and secure in times of emergency. From preparing plans or standard operating procedures, damage assessments, cost estimating, grant management and closeout, hazard mitigation or strategic decision-making, CTL offers impactful strategies for both public and private clients.

EXPERIENCE INCLUDES

- Galveston Park Board of Trustees, Galveston TX
- Disaster Recovery Assistance Subject Matter Expert Staffing, The Town of Elizabethtown, NC
- Grant Writing and Grant Management, First Presbyterian Church of Wewahitchka (Wewa)
- Public Assistant Project Management and Grant Management, First United Methodist Church of Port St. Joe, FL
- FEMA Public Assistance/Grant Management and Cost Recovery

ASSURING DELIBERATE AND PROACTIVE DISASTER PLANNING

Preparedness

CTL proactively assists communities in building the tools they need to respond before a disaster happens. From Standard Operating Procedures (SOPs) to Emergency Operation Plans (EOPs), CTL builds a solid foundation into your community's ability to respond to disasters and recovery effectively. CTL also provides planning for:

- Continuity of Government
- Continuity of Operations
- Business Continuity

Response

When disaster strikes, CTL can assist your community by augmenting your ESF 3 Engineering staff. During critical times when resources are scattered, CTL can provide:

- Pre-positioning of assessment teams
- Coordination and support for infrastructure risk and vulnerability assessments
- Implementation of structural and nonstructural mitigation measures, including deployment of protective measures, to minimize effects or fully protect resources prior to a disaster.

Recovery

CTL will help stabilize your community after a disaster through assistance with:

- Restoring operations
- Building back safer and stronger and putting the pieces back together
- Comprehensive program management and funding expertise
- Engineering professionals to successfully see your rebuild project through from beginning to end
- Managing, monitoring, and/or providing technical advice in the demolition and subsequent removal and disposal of buildings and structures.

Mitigation

CTL collaborates with local leadership to enhance community resilience by addressing risks and fostering a culture of preparedness. The aim is to encourage the community to safeguard against loss of life, property, and prosperity due to natural hazards. CTL offers programmatic mitigation services in the following area:

- Flood Mitigation Assistance (FMA)
- Hazard Mitigation Grant Program (HMGP)
- Pre-disaster Mitigation (PMD)
